RELEASE

Caring Hearts Child Development Center (the school) and staff make every effort to maintain a minimum of child injuries by closely supervising the children to ensure that they conduct themselves in a safe and proper manner. However, where there are active children participating in a program which includes inside and outside play on play equipment, physical education there is always a chance for injuries. Most of the injuries that occur are the nature of bumps, abrasions, sprains, etc.

I, the undersigned, by enrolling my child(ren) in a school program, assume all the risks which are inherent in such a program and hereby authorize the school's personnel to obtain emergency medical assistance for my child(ren) listed below and to transport the child(ren) to the same, both at my expense. The undersigned further acknowledges that the school is not an insurer against injury and that the school offers its services at a cost which reflects the fact that the school will not and cannot be momentarily responsible for personal injuries which might occur to the child(ren) while on the premises of the school. The undersigned agrees to hold the school and its staff harmless for liability for damages arising out of injuries sustained by the child(ren) as a result of the school's owners, directors, employees and agents or any other individuals for whose acts the school might otherwise be liable except through gross negligence or willful misconduct on the parts of such individuals. The undersigned agrees to hold the school and authorized personnel harmless from liability for damages arising out of personal injuries sustained by child(ren) as a result of the defective quality or performance, either as to manufacturing or design, of any equipment or facilities used by the school in its business when the defective nature and/or danger-propensity of such equipment is unknown. The undersigned further grants the school or its designated employees the right to administer reasonable and appropriate discipline (not involving corporal punishment) as the need for such discipline occurs. The undersigned understands that it is important to the school that the parents and child(ren) maintain good relationships with the staff/administrators. The school reserves the right to decline continued enrollment to parents who in the school's judgement are uncooperative or abusive to school staff/administrators. The undersigned agrees that if there is a legal or other claim against the school or any of its staff/administrators, which has not been resolved through negotiation with the school, the undersigned is required to submit the claim for binding arbitration in accordance with the arbitration rules of the American Arbitration Association. The undersigned grants the school the right to use the reproduction, electronic or magnetic recording, photographs, etc. of the enrolled child(ren) for educational advertisement or entertainment presentations for parent or teacher training and for general public information. The undersigned agrees that such use by the school be without any obligation to pay any money to anyone.

Having read and understood the above, the undersigned gives permission for the child(ren) named below to participate in all of the school's activities.
