The Goal and Play-Based Philosophy

Play is a child's work. Through play children learn to initiate and sustain relationships with others and to build trust and emotional maturity. Play is vital to a child's learning.

We believe that all children learn when provided with an appropriate learning environment. Caring Hearts provides an environment that fosters a sense of accomplishment and creativity, thereby strengthening the self-esteem and confidence of each child.

Caring Hearts provides a quality program that encourages every child to maintain self-control through teacher guidance, role modeling, limit setting and positive reinforcement.

Caring Hearts Child Development Centers primary goal is to provide a warm, loving, supportive and caring environment that encourages intellectual, emotional, social and physical development of each and every child.

Health and Illness

If your child becomes ill during the day, he or she will be isolated from the other children and you will be contacted to take your child home in a timely manner. It is necessary for you to have a person available to pick up your child if you cannot. Your child needs to stay home when there is fever, heavy nasal discharge, diarrhea, vomiting or constant cough etc. We also ask to be informed when your child has been exposed to any communicable disease.

We do not administer medications.

Parents are free to stop in during the day and give medications to their child/children.

Sign In and Sign Out

State licensing requires that the parent or the designated adult sign the child in and out of school every day on an iPad and an individual pin will be assigned to you.

Drop Off and Pick Up

Please be patient and follow the safe guidelines during the drop off and pick up times.

Termination Procedure

Giving a two weeks notice in writing. Also, the preschool reserves the right to terminate the enrollment of a child, for any or no reason, by giving a two weeks written notice.

Parents who stop attending without giving a two weeks written notice will be liable and charged for two weeks of tuition. If the tuition is not paid within one week of withdrawal from the program, the amount due will be turned over for collection.

Guidance

Each teacher provides a safe and happy classroom environment for all children in attendance. Within this scope, the teacher sets rules and enforces them. However, abusive discipline are prohibited.

Some examples of acceptable discipline are:

- Temporary removal from an activity
- Placing a child on time out (2-5 minutes)
- A private talk about acceptable and unacceptable behaviors.

Our behavior policy is to encourage positive actions through reward of good behavior, redirection and being consistent in not condoning inappropriate behavior. This positive method of discipline develops the child's ability to be self-governing by reinforcing his/her conscious or willingness to please.

Hot Lunch

In addition to morning snack and afternoon snack, we provide a nutritious hot lunch daily depending upon the program chosen. At the beginning of every month, the menu is posted on site. Our meals are nutritionally balanced, peanut free and taste tested to be the favorites of the children. We serve breads, fruits, vegetables, fruit juices, milk, crackers, cheese, eggs, etc. for snacks. Sweets and other non-nutritional foods are avoided. However, exceptions are made for birthdays and special parties. We do offer a vegetarian alternative for all lunches. Parents may choose to send a special lunch/snack for their child/children.
